This is a used 40 in. Sony HD LCD TV. It is in working order. The TV comes with the remote control and power cord. The specifications of the TV can be found in this web link: <https://www.cnet.com/products/sony-kdl-40v4150/>

Due to the coronavirus situation and the City of Lansing, County of Leavenworth, and the State of Kansas implementing stay-at-home procedures, I am willing to discuss with potential buyers about future arrangements for sales. However, I will only carryout the agreed upon sale meeting after the city, county, or state issues an all-clear notice for normal activities to resume. Thank you for your understanding.
