I'm selling my 2011 Ram laramie mega cab 3500 with 205k miles. The truck has a lot of money invested in it. My loss your gain, here's a list of what's done.

- ats aurora 5000 compound turbo (50k miles on them)
- banks monster Ram intake elbow with grid heater delete
- newly rebuilt head with 1.5" valves and stainless o rings
- fleece performance rocker bridges and push rods with heavy duty valve springs
- efi live custom tune
- revmax overdrive clutches, ats deep tranny pan
- carli 2.5 suspension with fox 2.0 adjustable shocks
- new moog ball joints
- 37 pbr tires on 20" wheels
- firestone helper bags and gooseneck hitch

This truck is very conservative, can pull a train and get 22mpg and 18mpg in the city. Selling to eliminate debt. Currently registered in Ca, and have to pay the loan off. Clean title!! Asking \$36,000
