These pups are 11 weeks old and have their first and second shots! Both are Pembroke welsh corgi and Toy poodle mix. Both of the parents are AKC registered. Both pups are males and are ready for a home and can be picked this week! One pup is black and white, more cuddly than its brother. While the other pup is brown and black and ready for adventures. Both pups work great with children! As a full grown they will grow to about 20lbs. They will be sent home with their vet papers, and a health guarantee. Please email me if you are interested.
