For Sale: 2004 Suzuki Bergman 650 Trike. Can go over 120 miles an hour. Of course I didn't go that fast. Super easy on the highway at 70 mph. Love my scooter but no longer have time to ride. Would ride to Winona and back so all highway miles. I have added the Trike Kit with the 12" tires, GIVI Monkey Storage with rack, fog lamps, new tires on trike, large trike cover and new battery. You are actually driving on 4 wheels not 3. Can covert easily back to 2 wheel scooter. Also has towing bar for a small trailer.
